

Printable Card

THANK YOU!

1. Print the card, preferably on a piece of 8.5 X 11 inch white card stock paper.

2. Score across the center of the card at this line. If you don't have a card-scoring tool, you can use a ruler and a pointy object, such as a mechanical pencil with the lead retracted.

3. Cut around the black outline with a paper cutter. Make sure to trim off the black outline.

4. Fold along the scored line.
